

# St Paul Malmesbury Without Parish Council

## Report #02.3

### CATG meeting – 9th February 2022

#### 1. Purpose of the report

- 1.1 To invite the Council to note the current status of the Council's outstanding Community Issues.

#### 2. Background

- 2.1 It was reported that the remaining 21/22 budget was estimated to be £12,430.41 taking into account the projects sanctioned and in progress and the required contributions from town/parish councils.

Community Issue	Description	Status
4317 4786	Speeding along the A429 at Burton Hill. Access onto the A429 from Storey Mews and the siting of the 30/40mph speed restriction	Wiltshire Highways has accepted the need to extend the 30mph restriction further south on the A429. A Traffic Order (TRO) will be prepared for public consultation funded by a s106 contribution from application 16/11603/OUT. <a href="#">Accordingly the item has been removed from the CATG project list.</a>
7307	Lack of safe pedestrian route from Southside Cottage into Radnor Close	A pedestrian route across Wiltshire Council land was considered too costly for the available CATG funds. An option to pipe and back-fill the drainage ditch adjacent to the front wall of Southside Cottage is with the landowner awaiting agreement to proceed. <a href="#">Accordingly the item has been removed from the CATG project list.</a>
7-19-9	Speeding along Grange Lane	Nothing further to report
7-20-3	Difficulty crossing the road due to volume and speed of traffic and width of the road. Lack of pavement to access narrower part of the road	The provision of this crossing point will be incorporated with several other highway improvements along the B4014 Filands using s106 contributions from the residential developments at Filands. <a href="#">Accordingly the item has been removed from the CATG project list.</a>
7-21-11	A broken corner kerb and minor road repair at junction of C67E and lane leading to Wessex Water pumping Station in Milbourne	Will be the subject of a conversation with the new local Highways Officer Rebecca Chivers. The repair may be incorporated into the Milbourne safety refuge project
7-22-1	Request to introduce a speed restriction of 30mph along the B4014 Filands	The issue will also be incorporated into the holistic approach to improving highway and pedestrian safety along the B4014 Filands
