

# St Paul Malmesbury Without Parish Council

## Traffic Regulation Order - Burton Hill

Wiltshire Council has issued a Traffic Regulation Order to extend the 30mph speed restriction on the A429 at Burton Hill from a point 163m south of its junction with Storey Mews to a point 190m north of its junction with Grange Lane - see map.

The TRO seeks comments from the public on this overdue proposal. The Parish Council has been campaigning for many years for the 30mph speed restriction in this part of Burton Hill to be extended south. Local residents have long experienced highway hazards when entering or exiting properties along this stretch of road. These hazards will be exacerbated when the residential development behind Storey Mews is completed next year.

This is your opportunity to support the proposed speed reduction by submitting a comment into the consultation. Comments, quoting reference LJB/TRO/MALW30, should be made before the **9<sup>th</sup> January 2023**
