

St Paul Malmesbury Without Parish Council

Report #01.2

LHFIG meeting – 16th January 2024

1. Purpose of the report

- 1.1 To invite the council to note the current status of the council's outstanding Community Issues.

2. Budget

- 2.1 The present budget up to the end of December 2023 was £75,791 with £54,680 committed to approved projects, including contributions from those councils with approved projects. That left £31,079 unallocated funding which is likely to be increased by another £26,000 from the start of the new financial year. It was suggested that the constraining factor in completing projects in 2024/25 is likely to be manpower resource rather than funding. This is likely to have an adverse impact on many of the outstanding discretionary tasks that this, and other, councils wish undertaken.

2.2 Summary

Community Issue	Description	Status
7-22-8	Request to move 30mph restriction further east towards Lea	Traffic survey results have confirmed that SIDs could be installed along this stretch of road. Two locations identified and Wiltshire Highways considering approval
7-22-17 <u>Priority 1</u>	Southside Close, Corston - request for a formal pedestrian crossing	Completed
7-23-08/09	Request for a controlled pedestrian crossing on the A429 at Blick's Hill	Issue closed because no further improvements possible, however following the recent tragic incident at the location the LHFIG has been asked to reopen it
7-23-12 <u>Priority 1</u>	Request for no waiting restrictions at the far end of SBLR to prevent inconsiderate parking preventing householder vehicle access	TRO consultation process commenced by Wiltshire Highways
7-23-19	Concerns about speeding vehicles from the Priory roundabout along the B4042 to Cowbridge	Atkins will be asked to give priority to the Speed Limit Review along this stretch of the B4042
7-23-20	Concerns about speeding vehicles from the Priory roundabout along the A429 within the 30mph restriction	A traffic survey has been requested along this stretch of road as a precursor to the installation of a SID at the northern part of Burton Hill in the vicinity of the PCC
